

Cryogenic Gate Valve

Size: NPS 2" ~ 24"

Pressure Rating: ANSI 150lb ~ 300lb

Basic Design: Shell SPE 77/306, BS6364

Test Standard: Shell SPE77/306

Body Materials: Low temperaure carbon steel

Body Materials: Low temperaure alloy steel,Stainless steel

Operation: handwheel

Structure Type: Vent hole on upstream side
